Hi-Vis Color Reflect

3M™ Scotchlite™ 5807

Reflective II

About	Retroreflective technology in the brightest, most reflective colors available for markets from sportswear to fashion and more.	High quality retroreflective performance for safety regulated markets.	Affordable, cosmetic reflective special effects for apparel and accessories for up to 40% less than other reflective materials.
Best For	Outdoor Safety, High Visibility, Unique Looks	Safety Regulated Markets; Police, Fire, EMS, etc.	Special Effect Finish
Use When	You need premium reflective capability beyond safety gray. The same trending looks as big brands to meet customer demand.	You need to provide ANSI approved, high visibility for emergency workers, police, firemen, or any other safety regulated apparel needs.	A reflective effect for added visibility and style of backpacks, jackets, performance wear, uniforms, and more.
